

Our Classroom Standards:

Exploring Computer Science, Fall 2011, Period: 1

What do they mean to us?

Respect: respect and encourage fellow students, yourself, and the teacher, allowing us to benefit from all our contributions.

- Don't call people out – make fun if they make a mistake
- Respect others opinions
- “Step up then Step back” let others talk too
- Don't talk while others are presenting or answering questions

Safety: always act safely, follow safety procedures, and help others to act the safest; the limb you save may be your own.

- Listen to safety instructions before acting
- If an online offer seems too good to be true, it probably unsafe and not valid

Learning: participate in the learning process by listening to, suggesting and trying out new ideas.

- Feel safe to voice your opinion

Teamwork: assist other by sharing your skills cooperatively to help everyone succeed.

- Get all the opinions of your team members before proceeding
- Help your struggling team members
