Parents, students, teachers, principals, district staff and community members are invited to attend a Technology Vision Town Hall Meeting. Come and offer input to a shared vision of how technology can help enable all aspects of Teaching & Learning in Seattle Public Schools.

How can technology support our students, instructors, instructional staff, parents and community to make SPS a world-class K-12 environment where ALL students have the opportunity to achieve their dreams?

The meeting will give an overview of the recent Technology Summit and offer attendees the opportunity to share their visions, and recommendations.

Monday, Feb. 23 | Eckstein Middle School
